Story:**  
Sanda  
Hosiery Mill

Major renovations are underway for the Sanda Hosiery Mill is located at 140 Edwards Street. The mill, originally named Cherokee Hosiery Mill was built in 1926 and was once one of the major hosiery mills in the Cleveland area. It was added to the National Register of Historic Places in 2018.

The developer, Case Enterprises plans to invest approximately \$10 million and will perform a certified historic restoration of the former mill into a 52 unit apartment complex, which will include 24 600 sq. ft. one-bedroom units and 27 1,100 sq. ft. two-bedroom units and will have parking areas for tenants.

Case Enterprises recently received \$300,000 in grant funds from the Tennessee Department of Economic and Community Development. The intent of this grant is to restore, renovate and preserve historic buildings across the state of Tennessee.

Mayor Kevin Brooks stated, "the city of Cleveland is the only city in the state of Tennessee to receive two grants, for that we are grateful". The second recipient of the grant is Berry Properties for \$62,400 to rehabilitate the Tipton-Fillauer House at the corner of Broad and First Street.

Earlier this year, the Cleveland City Council approved a memorandum of understanding (MOU) with the developer. City Manager Joe Fivas said "This is a welcome addition to the city's downtown revitalization initiative, we could not be more pleased".

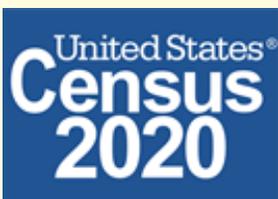

In addition to the initial investment, developers will apply for historic tax credits, as well as a PILOT (payment-in-lieu-of-taxes) agreement.

## DALTON PIKE & WILDWOOD SIDEWALK

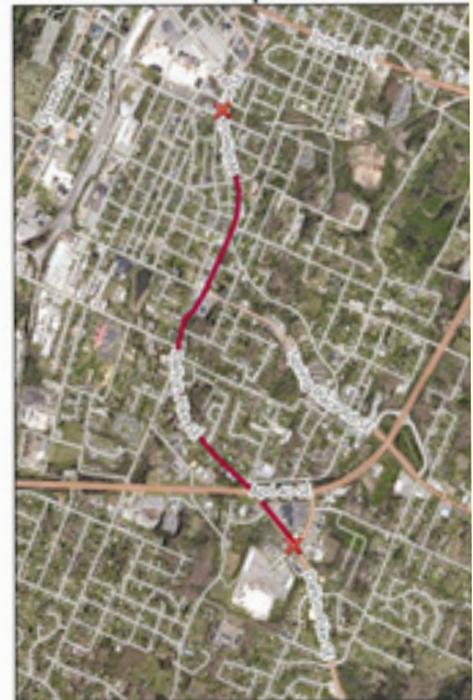

A large scale sidewalk project is underway, to the Southeast corridor. The project will extend from Treasury Drive to 9th Street SE.

It will include curb and gutter, sidewalk installation and repair, retaining wall improvement and minor adjustments to the existing storm sewer system. TDOT will follow-up with full re-surfacing of the Dalton Pike/Wildwood area once the sidewalk project is completed.

This will create a first class highway through the Southeast corridor of Cleveland. The project began in August of this year and will continue through Fall 2022.

For more information on this project, contact Robert Varnell, Senior Transportation Planner at 423.284.5584 or email: [rvarnell@clevelandtn.gov](mailto:rvarnell@clevelandtn.gov).
