Dear Mayor Brooks:

On December 20, 2016, the City was awarded federal Congestion Mitigation & Air Quality (CMAQ) funding for the Cleveland-Chattanooga Commute Hub. Unfortunately, these funds have a time limit and given that no activities or expenses have been incurred on this project to date, the Department will need to terminate the above referenced contract for this project to avoid the State of Tennessee losing access to these funds. If this project remains to be a priority for the City, there are other funding sources available that you could pursue through the Cleveland MPO or through discretionary federal grants available by the US DOT.

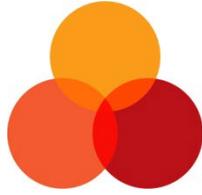

If you or your staff would like to discuss further, please contact Ms. Andrea Noel, TDOT's CMAQ Program Supervisor by phone at (423) 453-1196 or email at Andrea.Noel@tn.gov.

We recognize that priorities do change, and we stand ready to assist you in the future should you wish to explore other funding opportunities.

Sincerely,

Deputy Commissioner and Chief of Environment & Planning
