The conceptual plan consists of a site plan for the overall development however additional drawings, documents, and permits routinely required for a subdivision are expected for review and approval prior to construction. All development within PUD23 must be consistent with this Conceptual Plan with regard to development standards and general layout unless subsequently modified by agreement of the Cleveland Municipal Planning Commission. Plats for any multi-family residential units must be reviewed by the Planning Commission however any modification may not increase the total number of dwelling units beyond 512 without a revision to the PUD ordinance approved by the City Council. Additional plans, plats, and other development-related documents and permits will be necessary to carry out the construction of this project. It is recognized that the plats and site plans for The Durkee Rd NE development may ultimately reflect some alteration in the conceptual plan such as the exact location of each specific residential development typology within the residential areas. Other variations may include the width or alignment of streets, or the precise placement of buildings, but these will be generally consistent with the conceptual plan, mutually consistent with one another, and not violate any features of this ordinance as these relate to adjoining properties and infrastructure (e.g. external intersection locations and traffic improvements, buffers with external properties, etc.).

One connection to the property to the east must be provided for by the dedicated of right-of-way. The right-of-way will not be required to be improved if the adjacent property is undeveloped at the time of the platting of the subject property.

All streets within the PUD23 Durkee Rd development shall be constructed with adequate ROW to accommodate the installation of sidewalks which shall be installed at the expense of the developer.

6.B. PLATS.

One or more plats will be prepared for the PUD23 property by the Developer for approval in accordance with the City of Cleveland, Tennessee subdivision regulations. These plats will describe and dedicate public streets any other public properties; identify lots; and identify easements that are necessary for various purposes within the development such as utilities, access, maintenance, and conservation, etc. These plats shall be consistent in general layout with the conceptual site plan.

6.C. PRIVATE DEVELOPMENT DOCUMENTS.

The Developer shall prepare and implement such master covenants, restrictions, condominium association documents, common area agreements, and the like which the Developer determines are necessary to carry out the development of PUD 23 as envisioned herein. It is a requirement of this ordinance that such documents are in place and enforced by the Developer (or Developer's heirs, successors, or assigns) to the extent necessary for PUD 23 to function as described herein. The City of Cleveland assumes no responsibility to review these documents, or to determine their adequacy to these purposes, or to enforce any of their provisions, or to otherwise be a party to them.

Section 7. DEVELOPMENT STANDARDS

The development standards for PUD23 shall be those established in this ordinance or incorporated herein. Where development standards are not otherwise included in this ordinance, the standards shall be those in the R2 zone, from the City of Cleveland's zoning regulations.

For residential areas units of identical elevation types must be separated by at least two different elevations. This will result in at least three different elevation plans per cluster. No two adjacent structures shall be built with the same building size or orientation (reverse elevations do not count as different building elevations), facade, materials, or colors. Residential areas must also incorporate a variety of building elements and treatments for single family detached and townhome style housing. Structures must include articulation, change in materials or texture, windows, or other architectural features. The front façade of all structures shall contain a minimum of at least 50% of either brick or stone materials. No blank walls along street elevations are allowed. A two inch caliper hardwood shade tree which is determined acceptable to the City's Urban Forester shall be installed within each front yard area.

All lots shall be serviced by sidewalks within the subdivision. Sidewalks should be illustrated on all plats and site plans for review by city staff and any required for review by the Cleveland Municipal Planning Commission.

A monument style ground sign shall be installed at all entrances to the site. A landscaped berm no smaller than 8' in height shall be installed along Durkee Rd to provide privacy and to maintain a high-quality appearance. A landscaping area no less than a "Type E" as described in the City's zoning ordinance for any areas adjoining a non-residential use except that the buffer may be lowered to a 35' width. Open space shall be maintained at proportion no less than 15% of the total buildable area. A playground, dog park, walking trail or other community area determined acceptable to the Planning Commission shall be provided by the developer once 25% the buildable lots in the development are established or under construction. The common areas and amenities must be internal to the development, accessed directly from public right-of-

ways and must be practical in the application of its intended use (not in fragmented or unusable areas). All common areas, facilities and landscaping shall be kept in good repair by the developer, future owners or an established homeowners association.

Requirements of the City's adopted building codes, fire codes, stormwater regulations and other ordinances affecting the development, use, and maintenance of property shall apply.

Storage sheds and similar accessory structures, if allowed by the Developer shall be limited to yard areas behind the primary structure and are not to encroach within five feet of any property line. Covered porches, sunrooms, and other covered additions to the primary structure, if allowed by the developer are to maintain the required setbacks for the primary structure. Open patios and decks, if allowed by the Developer, may extend to within 10 feet of a rear property line or a lesser distance if required by the developer. The guidelines for approval of a minor encroachment as established within the Cleveland Zoning Ordinance may be utilized to establish variations in setbacks subsequent to any Planning Commission approvals. The development standards for the R2 Low Density Single and Multi-family Residential Zoning District shall apply for any standards this ordinance does not address.

Section 8. COMPLIANCE WITH OTHER APPLICABLE LAWS AND PERMITTING REQUIREMENTS.

The Developer, and its assigns or successors in title, is responsible for obtaining all federal, state, and local permits required for the construction of the proposed PUD23 Durkee Rd Development. The Developer and its assigns or successors in title shall carry out the construction on the project site in compliance with all applicable ordinances of the City of Cleveland, Tennessee, and also in compliance with applicable federal and state laws. Buildings shall be designed and constructed in accordance with adopted building codes and shall not be occupied until final inspections are complete and certificates of occupancy have been issued (permission for limited use of building after substantial completion by the City's Building Official). Failure to develop, use, or maintain the subject property other than in conformity with all of the requirements of this ordinance is unlawful and shall be deemed a violation of the City's zoning ordinance and a nuisance subject to the penalties described in the zoning ordinance and any increased fine as may be allowed by state law.

Section 9. ERRORS, OMISSIONS, AND POSSIBLE FUTURE REVISIONS TO THE PUD.

This ordinance may be amended from time to time as necessary after review by the Planning Commission and approval by the City Council subsequent to a public hearing. Where this ordinance contemplates the future approval of a site plan or the future approval of a plat by the Cleveland Municipal Planning Commission, and where this ordinance contemplates the future refinement of plans to conform with permitting requirements or conditions of approval necessitated by staff review, and where the Developer and the City of Cleveland may enter into future agreements regarding possible public facilities, infrastructure, and/or services within PUD23, an amendment to this ordinance is not required to implement such detailed block plan, site plan, plat, refinement to plans necessitated by permitting or review requirements, or agreement pertaining to public facilities, infrastructure, or services. If the overall development layout differs greater than 20% from the site plan shown in exhibit B & C then a revised conceptual plan must be reviewed by the Cleveland Municipal Planning Commission.

Section 10. BINDING UPON OTHERS. This ordinance is a law and not a contract, and as such it is generally binding upon all development and use of property in the PUD23 zoning district and is binding upon City's regulation of these activities in this location. Moreover, it shall be the duty of the Developer to ensure compliance with all terms of this ordinance affecting construction or maintenance. Wherever this ordinance establishes a duty, responsibility, or right for the Developer, the term "Developer" is intended to encompass the current owner or any heirs, assigns, or successors in title, or any owners of record of the subject property as of the effective date of this ordinance and their heirs, assigns, or successors in title. The term "Developer" is also intended to include any holding company or other entity established for the ongoing operation and maintenance of the development of the subject property including, but not limited to, common areas, joint use or joint access areas, and undeveloped portions of the property that are intended for development.

Section 11. CONFLICTS, SEVERABILITY, AND EFFECTIVE DATE. Where this ordinance is in conflict with existing ordinances with respect to the development of this property the terms of this ordinance shall prevail unless stated otherwise herein. In the event that any portion of this ordinance is determined to be invalid by any court of competent jurisdiction, the remaining portions of this ordinance shall remain in full force and effect. This ordinance shall take effect upon after passage and upon the execution of the development order as described above, the public convenience and necessity requiring it.
