WHEREAS the City of Cleveland, Tennessee, hereinafter "City", desires orderly land development in furtherance of the public welfare and has adopted the Planned Unit Development, hereinafter "PUD", process as an alternative development standard whereby to accomplish such development; and whereas it is intended that the developers of the property or any subsequent owners, shall hereinafter be referred to as "Developers" and; and whereas the City desires to establish a unique zoning district with special use restrictions and development standards for the property described herein through the adoption of this PUD, NOW THEREFORE BE IT ORDAINED:

Section 1. ZONING PLAN AND MAP AMENDMENT.

The zoning plan and map are hereby amended so as to zone the property described in Section 3 herein as "PUD 58" subject to the provisions described in each section of this ordinance. The permitted uses in the PUD 58 zoning district are those uses outlined in Section 5 of this ordinance. The development standards for the PUD 58 district are those outlined in this ordinance, including requirements for plan approval, and compliance with applicable permitting requirements.

Section 2. VIOLATIONS UNLAWFUL AND SUBJECT TO PENALTIES.

Any development or use of the property described herein in a manner contrary to the terms of this ordinance is a zoning violation and is unlawful, subject to the penalties prescribed by the Cleveland Municipal Code and the laws of Tennessee.

Section 3. PROPERTY DESCRIPTION.

PUD 58, Lewis Street (name may be revised during the platting process with approval of the Cleveland Municipal Planning) includes property generally identified as a portion of Tax Map 058B Group C Parcels 010.00 and 011.00. Exhibit A illustrates the overall Lewis Street Conceptual Plan for the subject property.

Section 4. GENERAL PROJECT DESCRIPTION AND DEVELOPMENT DENSITY.

This section is intended to provide a general description of Lewis Street. The project consists of townhomes, detached single family homes, and a clubhouse with a central amenity area. Exhibits 8 shows the general location of proposed infrastructure and common areas. In terms of total allowable density, the project shall not exceed 175 total units. The common open space designed within the development may include any permanent retention or detention pond areas or landscaped common area.

Section 5. PERMITTED USES AND PROHIBITED USES.

A conceptual plan (Exhibit A) for PUD 58, The Lewis Street PUD must be prepared for submission to the Cleveland Municipal Planning Commission for consideration in a future regular meeting. The conceptual plan will consist of a site plan for the overall development. However additional drawings, documents, and permits routinely required for a subdivision are expected for review and approval prior to construction. All development within PUD 58 must be consistent with the Conceptual Plan with regard to development standards and general layout unless subsequently modified by agreement of the Cleveland Municipal Planning Commission. However, any modification may not increase the total number of dwelling units beyond 150 without a revision to the PUD ordinance approved by the City Council. Additional plans, plats, and other development-related documents and permits will be necessary to carry out the construction of this project. It is recognized that the plats and site plans for the PUD development may reflect some alteration in the conceptual plan such as the exact location of each specific residential unit and type within the designated residential areas. Other variations may include the width or alignment of streets, or the precise placement of buildings, but these will be generally consistent with the conceptual plan, mutually consistent with one another, and not violate any features of this ordinance as these relate to adjoining properties and infrastructure (e.g., external intersection locations, buffers with external properties, etc.). All streets or access drives within the PUD 58 development shall be constructed with adequate width to accommodate the installation of sidewalks which shall be installed at the expense of the developer. Further specification of intersection design requirements and other infrastructure standards will be specified prior to platting.

If the overall development layout differs greater than 20% from the site plan shown in exhibit A then a revised conceptual plan must be reviewed by the Cleveland Municipal Planning Commission.
