Section 5. PERMITTED USES AND PROHIBITED USES.

The PUD 67 Subdivision allows for the construction of up to 40 residential units without amending this ordinance. Permitted uses are Townhomes and single family detached dwellings. Nothing herein should be construed as prohibiting the Developer from making further refinements to the development plan of PUD 67 that would further restrict the allowable uses within a particular part of the development or from excluding a particular use from the development altogether through the operation of private restrictions or covenants. The location of particular residential uses within the Lewis-Old Powerline development will comport with the descriptions of the constituent parts of the development which are conceptually described within Exhibit A unless modified by agreement of the Cleveland Municipal Planning Commission. Home occupations permitted in Cleveland's zoning ordinance are allowed unless prohibited by the Developer. There are no conditional uses within the PUD 67 district. Uses other than those described as permitted or allowed herein are prohibited.

Section 6. CONCEPTUAL PLAN AND RELATED REQUIREMENTS.

6.A. CONCEPTUAL PLAN.

A conceptual plan (Exhibit A) for PUD 67, Lewis-Old Powerline development was prepared for submission to the Cleveland Municipal Planning Commission for consideration in the regular meeting on May 20, 2025. The conceptual plan consists of a site plan for the overall development. However, additional drawings, documents, and permits routinely required for a subdivision are expected for review and approval prior to construction. All development within PUD 67 must be consistent with this Conceptual Plan with regard to development

standards and general layout unless subsequently modified by agreement of the Cleveland Municipal Planning Commission. Additional plans, plats, and other development-related documents and permits will be necessary to carry out the construction of this project. It is recognized that the plats and site plans for the Lewis-Old Powerline Development may ultimately reflect some alteration in the conceptual plan such as the exact location of each specific feature within the development. Other variations may include the width or alignment of streets, or the precise placement of buildings, but these will be generally consistent with the conceptual plan, mutually consistent with one another, and not violate any features of this ordinance as these relate to adjoining properties and infrastructure (e.g. external intersection locations and traffic improvements, buffers with external properties, etc.).

6.B. PLATS.

One or more plats will be prepared for the PUD 67 property by the Developer for approval in accordance with the City of Cleveland, Tennessee subdivision regulations. These plats will describe and dedicate public streets to any other public properties; identify lots; and identify easements that are necessary for various purposes within the development such as utilities, access, maintenance, and conservation, etc. These plats shall be consistent in general layout with the conceptual site plan.

6.C. PRIVATE DEVELOPMENT DOCUMENTS.

The Developer shall prepare and implement such master covenants, restrictions, condominium association documents, common area agreements, and the like which the Developer determines are necessary to carry out the development of PUD 67 as envisioned herein. It is a requirement of this ordinance that such documents are in place and enforced by the Developer (or Developer's heirs, successors, or assigns) to the extent necessary for PUD 67 to function as described herein. The City of Cleveland assumes no responsibility to review these documents, or to determine their adequacy to these purposes, or to enforce any of their provisions, or to otherwise be a party to them.

The development standards for PUD 67 shall be those established in this ordinance or incorporated herein. Where development standards are not otherwise included in this ordinance, the standards shall be those in the R2 zone from the City of Cleveland's zoning regulations and townhouse regulations from the subdivision ordinance. Failure to develop, use, or maintain the subject property other than in conformity with all of the requirements of this ordinance is unlawful and shall be deemed a violation of the City's zoning ordinance and a nuisance subject to the penalties described in the zoning ordinance and any increased fine as may be allowed by state law.

Section 9. ERRORS, OMISSIONS, AND POSSIBLE FUTURE REVISIONS TO THE PUD.

This ordinance may be amended from time to time as necessary after review by the Planning Commission and approval by the City Council subsequent to a public hearing. Where this ordinance contemplates the future approval of a site plan or the future approval of a plat by the Cleveland Municipal Planning Commission, and where this ordinance contemplates the future refinement of plans to conform with permitting requirements or conditions of approval necessitated by staff review, and where the Developer and the City of Cleveland may enter into future agreements regarding possible public facilities, infrastructure, and/or services within PUD 67, an amendment to this ordinance is not required to implement such detailed block plan, site plan, plat, refinement to plans necessitated by permitting or review requirements, or agreement pertaining to public facilities, infrastructure, or services. If the overall development layout differs greater than 20% from the site plan shown in exhibit A then a revised conceptual plan must be reviewed by the Cleveland Municipal Planning Commission.

This ordinance shall take effect upon passage and upon the execution of the development order as described above, the public convenience and necessity requiring it.
